It's Family Reading Month!

Join us for a month of stories, literacy activities, and sharing a love of reading. Language and literacy activities will be the focus throughout the month of November to celebrate Family Reading Month. Please bring some small family pictures as we will use these to create a book for your family.

We will meet to explore stories at our local bookstore, Our Town Books on November 18th.

On November 25th, we will be discussing financial literacy with a visit from CNB bank to discuss preparing and saving for the holiday season.

There will also be guest readers on campus November 18-22. Your families will be invited for these special times.

Hosted by The Early Years Program, 516 Jordan St. Jacksonville, IL
