

Good afternoon, Eisenhower Families,

This Wednesday afternoon, Eisenhower will dismiss two hours early for School Improvement Planning (SIP). This means, STEP students will dismiss at 12:10, bus and daycare at 12:15, and walkers and riders at 12:20pm. Lunch will be served at school. (Friendly reminder that our Westfair daycare students will not have a bussing option, so families, please make arrangements to pick up your students.)

As we move into the month of March, our spotlight characteristic at Eisenhower will be Problem-Solving. Here are several easy steps you can take to build up your child's problem-solving skills:

- After reading, ask your child to tell you about one character's problems and how the character aims to solve them.
- When facing a problem in "real life," have your child state the problem without blame.
- Think about solutions that are safe and respectful for all involved.
- Explore consequences (ask "what if?"), then pick the best solution and make your plan.

(Second Step curriculum)

Go Team Eagles!
